## Sabino Road Baptist Church February Newsletter

---

Church Family,

In a world with such moral ambiguity, it can seem hard to take the right step. To choose one way upsets one group of people and to choose something else upsets another.

Thankfully God has given us His Word which clearly directs our steps. Because He is the one who decides what is right and wrong, wise or foolish, we need not walk in uncertainty or confusion. With God and His Word as our guide, we can walk confidently, unconcerned by the opinions of others, solely focused on pleasing Him.

*"Whoever walks in integrity walks securely, but he who makes his ways crooked will be found out." Proverbs 10:9*

### LITTLE-KNOWN FACTS ABOUT OUR FIRST PRESIDENT, GEORGE WASHINGTON

- His formal schooling ended when he was 11 years old, after his father died.
- At age 22, Washington led a disastrous military skirmish that sparked the start of the American Revolution which historians consider the first global war (the Seven Years War).
- Washington's first love was the wife of one of his best friends.
- About those teeth: No, they weren't wooden.
- Washington wasn't always a great general, but he was an excellent spymaster.
- When he stepped down as commander-in-chief, he didn't want to run the country.
- He was a tough man to kill. At various points, he had diphtheria, tuberculosis, smallpox, malaria, dysentery and pneumonia. He survived near drowning in an ice-clogged river. He survived two horses being shot out from under him and four bullets passing close enough to pierce his clothing—all in one battle. Ironically, it was a cold that did him in.
