## FROM THE PASTOR'S DESK

Church family,

It is apparent through social media and conversations I've had, people are ready for 2020

to be over. I can certainly understand that sentiment. But, if we're not careful, we'll waste the opportunities God has given us. I know a lot of unpleasant things have happened this year and in some ways are still taking place. Despite all of the challenges we've faced, I want to make sure we're taking advantage of the opportunities God has given us this year. God is still working, in our country, in our city and in our church. Babies are still being born and couples are still getting married, good is still taking place. So make sure you have your heart and eyes open for how God is working in and around you this year. Don't waste a year of your life, redeem it.

*"Look carefully then how you walk, not as unwise but as wise. Redeeming the time, because the days are evil." Eph. 5:5-16*

Pastor John
